Flu Clinic: Region 2 Homeland Security Council is going to be receiving through the Department of Public Health a portion of 3.75 million for training and recertification of nurses. All the vaccines will be free along with gloves, alcohol swabs and needles. If there are not enough volunteer nurses, more nurses will be hired for the flu clinic. Mr. Jarvis said there should be plenty of nurses to give the shots. The pneumonia vaccine will also be offered with the flu shot. 700 flu shot vaccines have been ordered instead of the usual 200 vaccines. Mr. Jarvis believes we will have a lot more people that want to be vaccinated this year. All the vaccines that are administered are dead viruses.

Sherman Grove: There was a diesel fuel spill. The bottom of a 275 gallon diesel fuel tank blew out. Approximately 200 gallons spilled into the lake. The fire department was notified along with DEP and Lee. Oil was found in three catch basins. Booms were placed in the lake. The tank has been replaced and the soil has been removed.
